ENDORSEMENTS

The New York Ministry Network (NYMN) School of Ministry has been recognized and endorsed by the Executive Presbytery of the General Council of the Assemblies of God as a member of the Association of Assemblies of God District Schools of Ministry.

The school has also been endorsed by the Executive Presbytery of the New York Ministry Network as the official ministerial training program for those seeking credentials through the New York Ministry Network.

DISCLAIMERS

Courses completed through the NYMN School of Ministry that are required by the Assemblies of God for credentials meet the educational requirements of the General Council for the respective level of credential.

Completion of the courses, however, does not guarantee that a ministry credential will be granted, nor that preferential treatment will be given to those completing the required ministerial training courses through the School of Ministry. The credentialing of ministers is a process separate from completion of the educational requirements.

NYMN School of Ministry is a non-accredited Bible institute. While endorsed by the Executive Presbytery of the General Council of the Assemblies of God for ministerial training, courses completed through the school do not automatically qualify for college credit. There are Articulation agreements with several AG Colleges/Universities, please check with the institution of your choice for accreditation of NYMN School of Ministry courses.

GENERAL INFORMATION

The NYMN School of Ministry is a vital support to the ministry endeavors of churches and pastors. Knowledge gleaned from the classroom experience becomes a valuable tool that the Holy Spirit can use to further the purposes of God. Clergy and laypersons who understand not only “what to do” but “why to do it” will be far more effective than those who “just do what they are taught.”

NYMN School of Ministry *integrates spiritual formation, relationship building, and academic achievement to provide a unique learning experience.* Students not only acquire knowledge necessary for obtaining ministerial credentials, but also develop character and skills essential for effective ministry.

STATEMENT OF PURPOSE

The NYMN School of Ministry exists to provide training for those sensing a call to ministry, whether as credentialed ministers of the Assemblies of God, or as equipped laypersons within the local church. The school seeks to promote a unified purpose for ministry within the Fellowship, providing doctrinal and practical instruction based upon common core values and shared ministry goals.

The NYMN School of Ministry subscribes fully to the Statement of Fundamental Truths of the Assemblies of God, and commits itself to proclaim and support the principles and polity of the Assemblies of God. Additionally, the school commits itself to provide training courses that meet General Council educational requirements for ministerial credentials.

Student Code of Ethics, Conduct, and Honor

Students are required to read this Academic Catalog thoroughly to insure an understanding of all policies, requirements, and expectations between the student and the NYMN School of Ministry and agree to abide by the policies of the school, and will follow the guidelines of said policies and procedures while a student in NYMN School of Ministry.

Students are expected to conduct themselves in a Christ-like and biblical manner at all times, in both their personal conduct and pursuit of their studies, striving to maintain the highest of ethical standards, including honesty and integrity. Failure to adhere to such standards may result in the student's dismissal from NYMN School of Ministry, subject to the decision of the school's administration.

Students should be respectful of their peers and instructors in the classroom. Behavior that is disruptive to the learning process and disrespectful to others will not be tolerated and will be addressed, first by the instructor of the class, and if necessary, by the administration. Students refusing to be cooperative may be dismissed from the school.

Students are expected to complete the required course assignments on their own effort. While it is reasonable and beneficial for two or more students from the same family, church or community to study together, it is essential that each student's work be his/her own. No students should combine their study results to make a common line of thought that appears identical on multiple pre-class session text overviews. Situations of this nature will be brought to the attention of the school's administration and will be investigated to determine if discipline is warranted.
